

How to create an Impossible Fancy Fold Card

- Cut cardstock 14.8cm x 10.5cm. This is $\frac{1}{4}$ of a piece of A4.

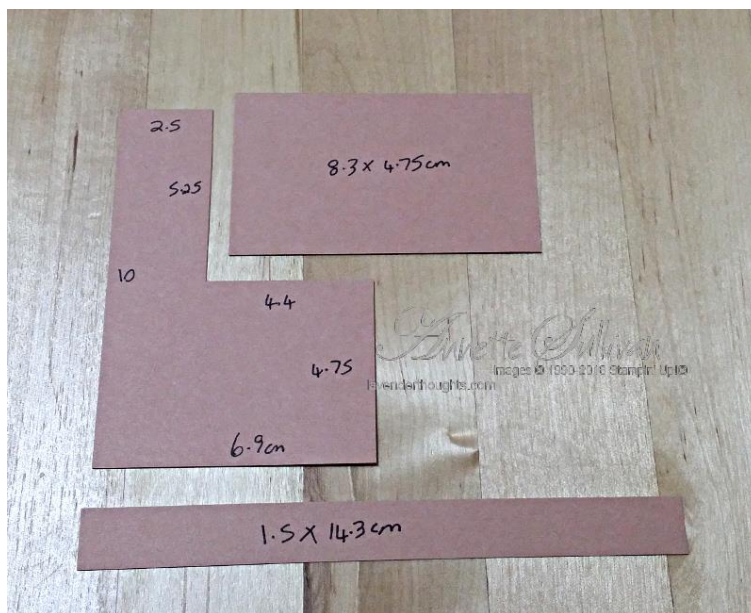

- Cut and score as shown in the above photograph.

How to create an Impossible Fancy Fold Card

- Hold the middle on both sides and twist the left side up.

- Cut layers from Designer Series Paper or coordinating cardstock. Cut 2 of the L shape, 1 thin strip for across the front and 2 of the rectangle for front and back of the stand up part.

You can add as many layers as you want. Just decrease the size of each layer by 0.5cm all the way around.
