# Pop Up Easel Card

Designer Series Paper – 12.5cm x 14.3cm

On the full piece of Designer Series Paper, cut at 4.75cm and 9.5cm as shown above. On the left and right hand card front pieces, cut on the red lines and keep both triangle pieces to attach to the cardstock diamond (see below).

**Diamond Piece – 6.5cm x 11cm**

Cut out and discard the red triangles.

# Pop Up Easel Card

## ASSEMBLY:

- Cut and score all pieces as shown above.
- FRONT OF CARD:
  - Add a small piece of double sided tape to each end of the acetate strip and attach the strip across the centre of the diamond on the card front. Make sure that the tape does not impinge on the diamond 'space'.
  - Attach the left and right hand card front Designer Series Paper pieces to the front of the card base.
  - Attach the Designer Series Paper triangles to the diamond shaped piece of cardstock. Adhere the diamond cardstock to the acetate strip in the centre with a Dimensional. Do not add more than one Dimensional otherwise the piece will not 'pop up'.
  - Stamp and die cut images and attach to the Designer Series Paper on the diamond piece.
- INSIDE OF CARD:
  - Decorate the 7cm x 14.3cm piece of neutral cardstock and attach to the inside of the card aligning to the left leaving the same size border at the top, bottom and left sides.
  - Add Dimensionals or Foam Adhesive Sheets to the back of the 3cm x 14.3cm Designer Series Paper piece and attach against the edge of the neutral cardstock. Decorate the piece as desired.
- Gently push the right hand side of the card front towards the left until it sits up against the Designer Series Paper on the inside. The diamond will 'pop up'. The card will now stand up.
